

NLG Drill Harness™ XL

Product Code:
101732

Max Load:
5 KG / 11 LBS

OVERVIEW

The NLG Drill Harness™ XL is a universal harness for rechargeable power tools such as drills and impact drivers. Designed for larger tools up to 5kg, the harness creates a secure attachment point for a Tool Lanyard whilst fully securing the tool and battery.

NLG ID™ Serialised and safe

Simply scan the NLG ID tag with your phone to instantly access certificates, instruction videos and log inspections. (See Specification if included).

Third-party tested and certified

Independent laboratory load testing certificates and Declarations of Conformity are available on request. Please contact team@neverletgo.com.

DESCRIPTION

The NLG Drill Harness™ XL is a professional-grade safety harness designed for use with rechargeable power tools at height. Compatible with a wide range of cordless drills and impact drivers, it accommodates tools and batteries combined up to 5kg, making it the go-to solution for larger, heavier equipment where a secure fit is non-negotiable.

The harness fully encases both the tool body and battery, providing a stable platform that keeps everything locked in place during use. A reinforced attachment point integrates seamlessly with a compatible Tool Lanyard. Built for daily professional use, the Drill Harness™ XL is quick to fit, universally compatible, and built to keep your drill or impact driver secure in the event of a drop.

FEATURES

- Universal fit
- Lightweight design
- Easy installation
- Full tool & battery security

INSPECTION

In addition to routine checks before each use, all equipment should undergo regular detailed inspections, conducted and recorded by a competent person using the NLG Inspection Checklist. If any part is worn or shows signs of degradation, immediately retire from service. In the event of a drop, quarantine the equipment for a thorough inspection.
